Independent auditor's Report

pursuant to article 14 of Legislative Decree n. 39, dated January 27 2010 and article 10 of EU Regulation n. 537/2014

To the shareholders of
Italian Wine Brands S.p.A.

Report on the financial statements

Opinion

We have audited the financial statements of Italian Wine Brands S.p.A. (the Company), which comprise the Statement of Financial Position as at December 31, 2022, the Comprehensive Income Statement, the statement of changes in shareholders' equity, and the statement of cash flows for the year then ended and notes to the financial statements, including a summary of significant accounting policies.

In our opinion the financial statements give a true and fair view of the financial position of the Company as at December 31, 2022 and of its financial performance and its cash flows for the year then ended in accordance with International Financial Reporting Standards as adopted by the European Union, as well as the regulation issued to implement article 9 of Legislative Decree NO. 38/05.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISA Italia). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the ethical and independence requirements applicable in Italy to the audit of financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter**Audit response**

IMPAIRMENT OF INVESTMENTS IN SUBSIDIARIES**NOTES 2 “ACCOUNTING PRINCIPLES- EQUITY INVESTMENTS” and 7 “EQUITY INVESTMENTS”**

Investments in subsidiaries are accounted for in the financial statements for a total amount of euro 263,556 thousand and are mainly referred to the wholly controlled companies Giordano Vini S.p.A., Provinco S.p.A. and Enoitalia S.p.A., Enovation Brands Inc, Barbanera S.r.l., Fossalto S.r.l..

Equity investments in subsidiaries and associates are valued at the purchase cost, possibly reduced in the event of distribution of capital or capital reserves or in the presence of impairment losses determined by applying the so-called impairment test.

Impairment of investments in subsidiaries is considered a key audit matter for the audit of the financial statements, due to the subjectivity of the selection of parameters used to estimate the recoverable amount.

Our main audit procedures performed are the following:

- we verified the proper classification and related accounting treatment based on the applicable accounting principles;
- we obtained and examined the financial statements as of December 31, 2022, of the subsidiaries, which are either audited directly, according to specific legal audit engagements, or obtained of the appropriate audit evidence by the component auditor;
- we compared the value of investment in subsidiaries to the equity portion attributable to the parent company;
- with reference to the impairment test, also being supported by BDO experts:
 - we verified the reasonableness of key assumptions underlying the plans of the management;
 - we verified the adequacy of the impairment model prepared by the Group and its compliance with the applicable accounting principles;
 - we assessed the key underlying assumptions for the impairment model, in particular the ones related to cash flow projections, future growth rates and discount rates and determination of “terminal value”;
 - we verified the clerical accuracy of the impairment model;
- we verified the disclosures provided in the accompanying notes.

Responsibilities of the Directors and Those Charged with Governance for the Financial Statements

The Directors are responsible for the preparation and fair presentation of the financial statements in accordance with International Financial Reporting Standards as adopted by the European Union, as well as the regulation issued to implement article 9 of Legislative Decree NO. 38/05 and, within the terms provide by the law, for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless they either intend to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company’s financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISA Italia will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISA Italia, we exercise professional judgment and maintain professional skepticism throughout the audit. We also have:

- Identified and assessed the risks of material misstatement of the financial statements, whether due to fraud or error, designed and performed audit procedures responsive to those risks, and obtained audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtained an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluated the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- Concluded on the appropriateness of the Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluated the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We have communicated with those charged with governance, as properly identified in accordance with ISA Italia, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We have also provided those charged with governance with a statement that we have complied with relevant ethical and independence requirements applicable in Italy and communicated with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate relevant risks, or the safeguards measures applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We described those matters in the auditor's report.

Other information communicated pursuant to article 10 of Regulation (EU) 537/2014

We were initially engaged by the shareholders meeting of Italian Wine Brands S.p.A. on April 22, 2021 to perform the audits of the financial statements of each fiscal year starting from December 31, 2021 to December 31, 2029.
